EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Brad A. Armstrong on October 31, 2001 and November 1, 2001.

The application has been amended as follows:

In Claim 54, line 9, insert --at least-- between "means" and "for".

In Claim 54, line 9, insert --a snap-through threshold-- between "providing" and "tactile".

In Claim 55, line 2, insert --further-- between "means" and "comprises".

In Claim 57, line 2, replace "a" with --said--.

In Claim 81, replace line 4 with, --a) depressing said variable sensor with varying pressure;--.

In Claim 81, line 5, insert --a snap-through threshold—between "discernable" and "tactile".

Claim 82 has been cancelled.

Art Unit: 3713

The following is an examiner's statement of reasons for allowance: The claimed variable sensor is not disclosed in the prior art of record. Kambic discloses digital sensors. While digital and analog sensors are disclosed in Mitchell, there is no suggestion to employ such sensor with a snap-through tactile feedback where same is employed in digital bi-state/on-off devices in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
